**ROY C. KETCHAM HIGH SCHOOL
LABORATORY SAFETY RULES**

1. Follow all instructions given by the teacher.
2. Protective goggles must be worn at all times while in the lab area unless otherwise directed by the teacher.
3. Horseplay will not be tolerated.
4. No food or beverages are allowed in the lab area.
5. Report any injury or accident immediately to the teacher.
6. Know all fire procedures.
7. Keep all aisles and tables as clear as possible.
8. Read all procedures and be familiar with them prior to doing the lab.
9. Know the location and operating procedures of all safety equipment.
10. Students are NOT, under any circumstances, permitted to enter any storage or prep rooms.
11. Students are NOT, under any circumstances, permitted to remove chemicals, equipment or compounds from the lab area unless otherwise directed by the teacher.
12. All unauthorized experiments are prohibited.
13. Use only equipment and materials that are authorized by the teacher in the manner that they are meant to be used.
14. Dispose of all chemicals in proper containers designated by the teacher.
15. Never taste or directly touch anything in the lab unless directed to do so by the teacher.
16. Never leave an experiment unattended.
17. Never leave an open flame unsupervised.
18. Clean up after yourself.

I, _____, have read and fully understand the above rules. I understand the potential hazard in the lab if safety is disregarded. My teacher has instructed me to abide by the safety rules printed here and any other additional safety advice he/she may have given me.
