Below is a list of what is still needed. While sports are important, so are the school clubs and awards, recognition and everything else. They should be included in this request too.

CELEBRATE NATIONAL DAY (APRIL):

TODAY: National Administrative Professionals' Day, also known as Secretaries Day or Admin Day, recognizes the professionals who keep an office running smoothly every day. Celebrate these professionals on the Wednesday of the last full week in April of each year. The day recognizes the work of secretaries, administrative assistants, receptionists, and other administrative support professionals. Central to any business, these professionals keep an office organized and efficient.

The day in the life of an administrative professional is varied from moment to moment. While organization is key to their success, their flexibility and ability to handle the unexpected make them valuable to any business. Some of their responsibilities include managing appointments, drafting letters and memos, booking business trips, coordinating appointments, and planning meetings.

Administrative professionals compile data and research information, too. Their organizational skills mean they pinpoint information quickly and keep the executive on schedule, whether they are in transit or with a client. They are central to an office or business running efficiently.

Thank you.

Remember...WE ARE WAPPINGERS !!
