STUDENTS NEED TO BRING THEIR CHROMEBOOKS TO SCHOOL EVERY DAY.

CELEBRATE NATIONAL DAY (FEBRUARY):

TODAY: Every year on March 4th, National Sons Day honors the sons of the world and those who raise them. The day also takes a look at a son's role and his relationship with those around him. Around the world, slightly more sons are born than daughters. Both bring joy to families, though. Our rambunctious sons grow into adult men and forge their own independence in the world. Some are soft-spoken and gentle. Others with a spark of curiosity fill every hour with questions, some unanswerable. Parents and family members strive to mold them into a person better than we are. Sons, like many children, test the boundaries until one day, they stand before us, grown. National Sons Day encourages parents to be role models and provide the boundaries sons need. Celebrate their successes while guiding them through their failures. Give them a foundation of skills that they will rely on for a lifetime and pass on to their sons. Each day as a son and the parent of one is a treasure. Boys need us to model responsibility, hard work, and integrity. As they work and learn beside us, those qualities will be instilled in them. The day reminds us of the value our sons bring to our lives and others.

Thank you.

Remember...WE ARE WAPPINGERS !!
