CELEBRATE NOVEMBER'S NATIONAL DAYS:

Today - Cyber Monday is the Internet's answer to Black Friday deals. The official observance takes place the Monday after Thanksgiving.

While Internet-based companies traditionally offered their best holiday shopping on Cyber Monday to compete with Black Friday deals in brick and mortar stores, things have been changing. However, in more recent years, Black Friday and Cyber Monday deals tend to run together. Some start as early as the week of Thanksgiving and run right through the holiday season. But don't neglect online deals. There may still be savings to be had.

Social media also ramps up advertising opportunities, bringing potential shoppers to retailers' online stores. Cyber shopping is expected to be up again this year with a predicted 3 billion in sales.

Purchases on mobile devices also have increased, adding to the convenience of Cyber shopping for the holidays. No longer do you have to be strapped to your PC or Mac in order to make an online purchase. Purchases can now be made on the train during a morning commute while waiting for a doctor's appointment or during a lunch break.

Some of the most popular online purchases are likely to be tech items, especially wearable technology as well as traditional small appliances, clothing, gift cards, and digital media.

Tomorrow - National Day of Giving encourages giving back. It takes place the Tuesday after Thanksgiving.

We've just spent the weekend shopping and searching for the best possible deals. National Day Of Giving reminds us to give to those in need. Whether we look to our favorite causes or charities, it is a great reminder to lift others up during a generous time of year. On the Tuesday after Thanksgiving charities, families, businesses, community centers, and students around the world will come together for one common purpose: to celebrate generosity and to give.

Thank you.

Remember...WE ARE WAPPINGERS !!
