As you may be aware, all 7th & 8th grade Students in our 2 public junior high schools will be receiving a Chromebook as part of our new 1:1 Chromebook initiative for the 2021-2022 school year and beyond.

The purpose of this message is to let you know our plan for distributing these devices to our 8th grade students and to any 7th grade student who could not attend the designated distribution dates and has not yet received a device.

We are intending to distribute these devices to our students beginning the week of September 13th. Students should have received a Chromebook Use / Agreement Form YESTERDAY during 9th period to bring home to be signed by student & parent. Once signed, your child will be asked to bring the form back to school no later than MONDAY SEPTEMBER 13. Students will not receive a Chromebook if we do not receive your signed Agreement Forms.

We hope that these devices will become an integral part of their educational

experience in Wappingers. Our ability to continue this 1:1 program will be dependent on the success our students have with this initiative. If all goes well, Students in grades 7 & 8 will be eligible to borrow a Chromebook from the District via this 1:1 program for the duration of their enrollment with the District.

Please note: we have a few students who still have Chromebooks from last school year that need to be returned to the school. These Chromebooks are now inactive and unable to use. Please return these Chromebooks otherwise you will not receive a new Chromebook.

NATIONAL DAY

Today September 10th - **NATIONAL SWAP IDEAS DAY**, which is observed annually on September 10th, encourages us to share a creative or helpful idea with someone and trade them for their thoughts in return.

Swapping ideas today does not have to be done on a one-on-one basis. Often, groups of people with similar interests gather with a common goal in mind. The meetings are usually a social gathering. However, on occasion, groups with different skill sets, design talents, and ideas gather. They bounce sketches, eureka moments off each other, and suddenly a new idea develops.

This observance urges sharing concepts and sparking ideas. Many of us are passionate about our careers, hobbies, or special projects.

Saturday, September 11th - **PATRIOT DAY** on September 11th we mark the 20th anniversary to honor the memory of the nearly 3,000 innocent victims who died in the September 11, 2001, terrorist attacks. Each year Americans dedicate this day to remembering those who died and the first responders who risked their own lives to save others.

We Remember

For many, September 11, 2001, began like any other weekday. We made our way to work. Children attended school. We shopped, had coffee, waited in line at a drive-thru. Those of us who weren't in New York City heard the first reports on the radio or television. A friend or neighbor alerted us to a plane flying into one of the Twin Towers. We felt disbelief. An accident, perhaps, a miscalculation. Then, a second plane flew into the second tower. Our disbelief turned into uncertainty and concern.

Those on the ground faced terror and obstacles they had never known. But, then, as a set of coordinated suicide attacks organized by the militant group Al Qaeda targeted the World Trade Center, the rest of the nation witnessed the unbelievable. And then a third plane crashed into The Pentagon. And yet another crashed into a field in Shanksville, PA.

Memorial

Every year since that fateful day, the United States comes together to remember the fallen. We remember the first responders and those who made difficult decisions.
9-11-01 - NEVER FORGET!!!

Thank you.
