Yes, please contact me about possible volunteer opportunities with the PTA!

Every parent's priority is their children's well-being...

More than 30 years' worth of research has proven that children do better when their parents are involved both at home and at school. Grades and test scores climb. Self-esteem grows. Schools improve.

There's a simple way for you to help your child succeed: JOIN PTA!

PTA helps parents, students, school staff, and communities work together to share ideas about programs and activities that benefit children. Our PTA provides information and resources that strengthen the connections between children, parents, schools, and the community.

Your PTA enriches your child's school day:

We pay for programs like the Camfel anti-bullying program, an Internet Awareness seminar, and others

We host the Eight Grade Dance and three Honor Roll recognition events

We encourage reading with our Book Fair

We publish the Yearbook and sponsor the Eighth Grade Dance

We support the Boston and Washington trips

We encourage arts programs through PTA Reflections and the new mural

PTA is America's number one parent involvement resource

Get Connected: PTA provides opportunities to network with parents, teachers, and school administrators and share ideas on Facebook, Twitter, and YouTube.

Get informed: Gain up-to-date information and practical next steps about local and national issues affecting the education of all children. E-learning, "how to" guides and white papers are at your fingertips.

Get Involved: Use your PTA membership to become a part of the solution, influencing positive changes in your child's education, health, and safety.

Today's PTA is a powerful network of nearly 5 million people dedicated to making a difference in the education, health and safety of America's children.
