The John Jay Girl Up Club

First meeting on **Wednesday, October 21st at 12:05 pm** (right after 8th period). Girl Up, founded in 2010, is the United Nations Foundation's adolescent girl campaign. We are a group of young changemakers who work together to advocate for the millions of girls around the world who are denied access to education, are victims of gender-based violence, and the many girls who are forced into child marriage. We also help women and girls in our local community by organizing fundraisers and donation drives for nearby women's shelters-a safe haven for victims of domestic violence. Now, with a global pandemic, we will continue to help women and children in need. We are always looking for new members with new ideas; we are so proud of the fact that last year, we had several boys join our club. This goes to show that these issues affect everyone around the world, and we need all people to help initiate change. We look forward to welcoming new members, and our current members, virtually on Wednesday! Add Google Classroom code: xt4l4op Then join the Meet from there.
