

Observation Session for Students in the Wappingers Central School District Astronomy Course

Permission Slip for RCK Astronomy Session at Lourdes High School

Who: Invitation to current WCSD Astronomy students and their parents/guardians.

Where: Lourdes High School Lecture on “The Importance of the Moon: Past, Present, and Future” given by NASA

When: Wed, Feb 5 from 8:15PM to 9:30PM

HIGHLIGHTS OF THIS EVENT- James Green, PhD will discuss the importance of the Moon to Earth, discoveries about the moon, and future NASA plans for missions to the Moon and Mars.

GENERAL PURPOSE - Please realize that this is an **OPTIONAL OPPORTUNITY** for students to hear current material from a distinguished source. It is by no means required for their astronomy course. The only effect on the student’s grade will be as extra credit for attending.

GETTING TO THE EVENT-

There are three choices- 1) Driven by your parent, 2) Driven by another students parent with your parent’s permission, 3) Drive **ONLY YOURSELF**.

● **JUNIOR LICENSE RULES for driving after 9PM**

WCS D have been told by the New York State Troopers that if you have junior license and have a legitimate academic school function (for which these astronomy observations sessions qualify), you can drive **YOURSELF** to the function. You **CANNOT** drive any other students to the function.

PLEASE HAVE THIS DOCUMENT AS PROOF WHEN YOU GO TO THE EVENT.

● If driven by a parent, it will be the **PARENT / GUARDIAN’S RESPONSIBILITY TO DRIVE YOUR STUDENT** to Lourdes as well as to pick up your student at the end of the event. (You can give permission to another student’s Parent/Guardian’s to bring your child to the event.)

(cut and give back to your astronomy teacher, or take picture and submit through email)
