The mission of the Wappingers Central School District is to empower all of our students with the competencies and confidence to challenge themselves, to pursue their passions and to realize their potential while growing as responsible members of their community.

WE BELIEVE...

…the collaboration needed for meaningful change is built on honesty, trust and respect.

…embracing diversity in all its forms enriches the human experience.

…health and quality of a community are dependent on the responsible contributions of all its members.

…that active and continuous learning is essential for individuals and communities to flourish.

…everyone can realize their potential and when they do, both they and the community thrive.
FACTORS, CHALLENGES AND/OR RECOMMENDATIONS MANAGED DURING THE BUDGET PROCESS

- **Instructional Program**
  - Student-centered programs and opportunities

- **Tax Cap**
  - Balancing a budget within tax cap parameters vs piercing the tax cap

- **State Aid**
  - Developing projected budgets based on preliminary projections that are historically finalized in the spring

- **Declining Enrollment**
  - Minimal impact (i.e. 10 elementary schools)
  - State-wide, County-wide & District-wide

- **Every Student Succeeds Act (ESSA)**
  - New NYSED school accountability measures effective 2018-2019 school year

- **Unfunded Mandates**
  - Federal & State – Transparency Reporting, Federal Grant Awards
  - NYS Education Department – School Calendar, School Counselors

We believe the collaboration needed for meaningful change is built on honesty, trust and respect.
We believe embracing diversity in all its forms enriches the human experience.

We believe the health and quality of a community are dependent on the responsible contributions of all its members.
How well are we meeting the needs of our students without piercing the tax cap?

- **Non-Negotiable:** The majority of the budget is driven by contractual obligations (e.g., union contracts, federal and state mandates, Individual Education Plans, etc.) which are non-negotiable.

- This work will be done again to ensure that WCSD can balance a budget AND meet the needs of our students.

We believe that active and continuous learning is essential for individuals and communities to flourish.
GENERAL SUPPORT AND INSTRUCTION BUDGET REPORTING

The budget document is inclusive of all building level account coding in accordance with the Every Student Succeeds Act and NYS Transparency Reporting.

- Same report format - presented by function i.e. Regular Instruction, Math, Supervision of Schools, etc.
- New budget codes – a location code for each building attached to each code (i.e. Math – RCK, Math-WJHS, etc).
- Larger impact on programmatic codes rather than non-programmatic codes based on the new requirements.
- This format expands the report BUT still provides the same data in total as in prior years.
- Administration will continue to refine this information and its presentation as we move through the new process for the 2020-2021 school year.
- With each year under the new format, the report will become easier to see trends at the building level.

We believe everyone can realize their potential and when they do, both they and the community thrive.
We believe the collaboration needed for meaningful change is built on honesty, trust and respect.
We believe embracing diversity in all its forms enriches the human experience.
