September 2019

Dear Wappingers Community:

Tuesday, September 2 is the start of a new academic year. For those attending Kindergarten, I hope that the next 13 years will provide the basis for a successful future. For the class of 2020, I hope that this last year of high school is a very productive and memorable one. Moreover, as you proceed through the next phase of your life, use what you learned in the last 13 years to make intelligent decisions.

As you walk through the various schools, you will observe the improvements to the infrastructure. A great deal of thanks goes to the taxpayers who approved the various Capital Improvement Projects.

To have a successful year, it is important that everyone from the bus drivers, custodians, school counselors, psychologists, parents, teachers, principals, administrators, Superintendent and the Board of Education perform their responsibilities to the best of their ability. All of us are here to provide the best education for our students.

As President of the Board of Education, I welcome all of you to a new academic year.

Sincerely,  
John Lumia  
Board of Education President
