

Hello Parents and Guardians,

The Math Club is an excellent opportunity for your child to demonstrate the ability to think outside the box and develop higher-level thinking and problem solving skills. The questions and tasks we will tackle are designed to be challenging and extend concepts learned in the classroom. They will also have the opportunity to participate in the AMC 8, a national competition in middle school mathematics designed to promote the development and enhancement of problem-solving skills.

Math Club will meet every Wednesday after school. Meeting dates will be posted on the Math Club Google Classroom (students will gain access to the Google Classroom after the first meeting). The late bus that leaves at 3:50 will be available for students. If a student is being picked up by a parent, they must be picked up no later than 3:50 or the student will have to take the late bus home. Students must come to school with a note if they are being picked up, otherwise they are to take the late bus home. All notes can be given to me after school.

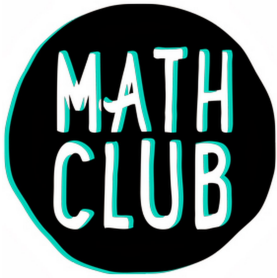

All students involved in Math Club are expected to follow WCSD expectations for behavior as outlined in the WCSD Student Code of Conduct. They are expected to conduct themselves as model citizens and respect the rules of the school and the rights of fellow students. Should there be any behavior infractions, students may be removed from the club.

I am excited for this opportunity for your children and look forward to an exciting year ahead. Please indicate your consent and understanding of our guidelines by signing and returning the permission form. Students must have a signed permission slip in order to stay after school for the informational meeting on **Wednesday, November 30th.**

Please feel free to email me with any questions or concerns.

Sincerely,

Ms. Hannah Oppenheim
Math Club Advisor
