

This course is intended to accomplish a number of goals:

- To meet the standards for the Common Core Algebra Honors curriculum.
- To prepare for the Common Core Algebra Regents Exam.
- To develop or enhance a system of organization and self-discipline.
- To develop a level of proficiency using a graphing calculator.
- To develop or enhance good study techniques including note-taking and daily review.

Grading:

Grading in the digital classroom will be based on effort and demonstration of concept mastery.

- **Assignments** – 50% of each quarter during remote learning.
- **Assessments** – Quizzes and tests will count together as 50% of each quarter during remote learning.
- **Incompletes and Absences**- Missed work must be completed. No grades will be issued until all back work is completed.

Requirements:

- Attendance is important. Any work missed due to absence is the students' responsibility.
- Each student is to have a binder with three dividers, loose-leaf, graph paper, and pencils. **A TI-84 Plus graphing calculator is recommended but not required (simulators will be available on Google Classroom).**
- There will be written math practice for every topic. This work will help students review and reinforce the topic(s) covered in that lesson or prepare us for an upcoming topic. If no additional work is assigned, the student should review notes, self-quiz, etc.

Parent Contact:

- Progress reports are given at 5, 15, 25, and 35 weeks.
- Quarterly report cards are given at 10, 20, 30, and 40 weeks.
- The best way to contact me is via email: kiana.sullivan@wcsdny.org

Parent Contribution:

Parents/Guardians may help by:

- Reminding the student that there is work to do each night in math.
- Reach out to me if the student is struggling with material.
- Providing adequate time, materials, etc. for studying.
- Guide the student toward organization, perseverance, and motivation.

*****Please note that this syllabus is subject to change as the year progresses.*****
