I give permission for my child to attend the Math Homework Help sessions, held at Van Wyck Junior High School, on one or more of the 2017-2018 session dates.

I understand that I am responsible for transporting my child to and from the help sessions.

I give permission for the help session organizers to reach me at the above numbers in an emergency, including the need to pick up my student.

I have discussed the following items with my child and we have agreed that he or she will:

- Let me know when he or she is planning to attend a session.
- Follow instructions from the adult volunteers in charge of the sessions.
- Stay in the assigned room at school after his or her homework is done, and while waiting to be picked up.
