

**Core Values**

We Believe:

- That active and continuous learning is essential for individuals and communities to flourish.
- Embracing diversity in all its forms enriches the human experience.
- Everyone can realize their potential and when they do, both they and the community thrive.
- The health and quality of a community are dependent on the responsible contributions of all its members.
- The collaboration needed for meaningful change is built on honesty, trust, and respect.

*The mission of the Wappingers Central School District is to empower all of our students with the competencies and confidence to challenge themselves, to pursue their passions and to realize their potential while growing as responsible members of their community.*
