

WELCOME TO KINDERGARTEN!

Welcome Incoming Kindergarten Parents,

This is an exciting time as your child begins to age into kindergarten. I am sure you have many questions and emotions regarding the transition and we hope, as a district, to make it more comforting for you.

Annual Reviews are slowly approaching. At this meeting, your child's programming for next year will be discussed. These meetings will occur in the Spring. You can expect to have your homeschool's Assistant Director of Special Education present, the school psychologist, applicable related service providers, and a program/agency representative.

Please click [HERE](#) if you have any questions related to the aging-in process as we are hopeful that this will answer many of your questions.
