

DR. MARTIN L. KUTSCHER

ADHD, EXECUTIVE FUNCTION, AND THE REST OF THE SYNDROME MIX

The talk will focus on executive functions such as organization, foresight, self-control and brakeless behaviors; as key difficulties in ADHD. Most people with ADHD also have other parts of the syndrome mix of learning disorders. Autistic spectrum, anxieties, and depression.

**Wednesday, November 10, 2021
7:00 – 9:00 pm**

**Ketcham High School
99 Myers Corner Road
Wappingers Falls, NY 12590**

This **free** speaker event was organized by WCSD SEPAC, and is open to the families of WCSD, and neighboring communities.
