

# Revocation

## Photo/Video/Student Work Publication Revocation

Dear Parent/Guardian:

The Wappingers Central School District is proud to share stories of students' success with our families and community members. Images of students and student work are regularly shared through, social media posts, presentations, press releases, newsletters, and other materials. **We assume we have your permission to publish images of your child or your child's work unless you sign and return this form to us stating otherwise.**

If you **DO NOT** want your child's image/photo or work to be shared, complete this form and return it to your child's school.

Please note, **all public events**, including meetings, athletic events and performances are exempt. Students who participate, both as participants or spectators, may be photographed, but not individually identified. Local media and the District are permitted to publish student images and work from public activities (taken by the District or media representatives).

---

## Revoking Permission

By checking this box, a parent **denies** permission for their child's photo/video/student work to be shared by the District.

This form must be filled out completely. Please print clearly.

I **DO NOT** consent to have any photos, videos or work of my child shared in District publications, media releases, on the District website or in social media posts. I understand that if I change my mind, I must contact my child's school or the District Office, at 845-298-5000 ext. 40139.
