

John Jay students raise \$5,000 for area children's hospital

John Jay Senior High School students raised \$5,000 for the Maria Fareri Children's Hospital this year with a "Moustaches for Kids" fundraiser. Staff members participated in "No-Shave November," and a \$1 donation equaled one vote toward a facial hair style for their selected candidate. Local barbershop In The Cut came in to create the looks! Representatives from John Jay presented the check at a Radiothon for the hospital. Pictured are students presenting the donation and staff who participated in the "No-Shave November."

GIVE BLOOD GIVE LIFE

Who needs blood?

Under normal circumstances, every two seconds someone in America will need a blood transfusion. Blood transfusions are used for trauma victims - due to accidents and burns - heart surgery, organ transplants, women with complications during childbirth, newborns and premature babies, and patients receiving treatment for leukemia, cancer or other diseases, such as sickle cell disease and thalassemia.
