Orchard View AHS Visits Broadway

Social Studies teacher Melissa Beeman posted this cast member's quote in her classroom.

On November 16, students from Orchard View Alternative High School took part in the EduHam Program, offered in partnership with the Gilder-Lehrman Institute of American History and Hamilton on Broadway. Prior to visiting New York to see the show, students created performance pieces using American history documents; they also submitted questions for the cast.

After the show, the cast took the stage to answer some of the questions. Social Studies teacher Melissa Beeman said, "The experience was amazing. I posted a quote in my classroom from one of the most notable responses that was shared by the cast!" This is the second time OVAHS has been selected to participate in this competitive program.
