BLACKBOARD NOTIFICATION SYSTEM DIRECTIONS

Dear Parents and Guardians,

Welcome to Wappingers Central School District! Our District is committed to providing timely communication to all of our families and staff. Blackboard Connect allows our District to share information with parents and staff members on matters such as attendance, general interest activities, as well as building and District emergencies. In addition to allowing the District to communicate with traditional email, telephone and text messages, Blackboard Connect has a mobile app customized for our District.

In order to enhance our ability to accurately deliver information, we kindly request that you review your contact preference profile using the Blackboard Connect web site or by downloading the free District app through the iTunes store or Google Play. Blackboard Connect allows you to control how the District contacts you.

New families will receive an email once they have registered with the District that will include their Parent ID and a temporary password to log into their account. Simply follow the steps below to login to your account through the secure Blackboard Connect web site or by downloading the mobile app.

Steps for updating your account through the website:

Enter the following URL into your web browser: <u>https://wappingersschools.parentlink.net/main/login</u>

 Enter the Parent ID and temporary password provided by the District in a separate email. The system does provide the possibility of logging into your account with your Facebook or Google account, if you choose. The first time you login, the system will prompt you to change your password. Passwords must be a minimum of six characters. Once you type in your new password, retype it to confirm, click on save.

[Note: Blackboard Connect has a strict privacy policy and does not sell or distribute your contact information to any 3rd party.]
