The Cisco High School STEM Program is a comprehensive 2 week unpaid virtual summer externship designed to give top, STEM and business focused students an introduction to Cisco’s history, culture, and the technology industry. Students will be engaged in interactive project work, problem-solving, and learn to communicate with industry professionals and peers.

- Cybersecurity
- IoT Fundamentals
- Intro to Meraki Solutions
- Design Thinking
- History of Cisco
- Persuasive Presentation
- Intro to DevNet
- Personal Branding/Professional Etiquette

Students will...
1. Shadow Cisco employees in the student’s field of interest
2. Work in teams under the guidance of professional mentors to creatively solve a business problem
3. Participate in a day-long Innovation Challenge (Hackathon-style)
4. Participate in team-building and development activities
5. Compete in a final project related to Internet of Things (IoT)
6. Receive school credit, where possible

Eligibility Requirements:
- Current junior or senior (Graduating in 2021 or 2022)
- Minimum 3.0 GPA, either weighted or unweighted
- Demonstrable interest in Business and/or Technology
- Ability to work virtually Monday through Friday

A complete application includes:
- 1 letter of recommendation (academic)
- High school transcript (official or unofficial)
- Resume
- Video cover letter

Online application: https://cs.co/ciscohigh21-apply

Program offered in selected states/cities across the US & Canada.
